EDUCATION

The University of North Texas | Denton, Texas

Aug 2023 – May 2026

Bachelor of Science in Computer Science · GPA: 3.90 · Honors: Summa Cum Laude

CERTIFICATIONS

- AWS Certified Solutions Architect - Associate May 2026
- AWS Certified Cloud Practitioner Feb 2026
- Security Certificate – University of North Texas May 2025
- Google Data Analytics Professional Certificate Oct 2023

EXPERIENCE

Undergraduate Research Assistant – *The University of North Texas* | Denton, TX

Jun 2024 – Dec 2024

Advisor: Wajdi Alemanni, Ph.D.

- **Developed 7 Unity Editor plugins in C#** using Object-Oriented Programming to improve game accessibility for users with visual impairments and photosensitivity, including colorblind simulation, text-to-speech, and a language generator.
- **Performed unit testing** to resolve runtime exceptions by 60% and improve plugin reliability, usability, and integration across Unity projects, and enhance user experience.

Lead Server – Gyu-Kaku Japanese BBQ | Plano, TX

Sep 2021 – Sep 2026

- Managed high-volume dining operations for **200+ guests per night**, assisting front-of-house staff to accelerate table turnover and ensure fast service.
- Recognized as **Employee of the Year** for leadership, operational excellence, and consistent guest satisfaction.

Math Tutor – Independent | Dallas, TX

Jun 2021 – July 2023

- Mentored one-on-one in Pre-Calculus and Calculus; increased students' performance from 50% to **over 90%**.

Marketing Outreach Specialist – Edmonds College | Lynnwood, WA

Sep 2020 – Jun 2021

- Designed and distributed college marketing materials across campus, boosting student participation **by 80%**.

PROJECTS

Software Engineer - *FinSight-Pattern-AI*

Sep 2026 - Present

- Developed a full-stack analytics platform using **TypeScript, React, Node.js, Python, and PostgreSQL**, enabling users to **analyze market data** and visualize financial trends through interactive dashboards.
- **Engineered an AI-powered financial analysis pipeline** combining **computer vision and machine learning** to detect and classify **4+ candlestick patterns**, generating real-time technical-analysis signals from market charts.

Backend Developer – *ADHD Study Planner (MERN Stack)*

Jan 2025 – Jun 2025

- **Developed a full-stack ADHD Study Helper website** using **React, Vite, Tailwind CSS, Node.js, Express.js, and MongoDB**, for structured study planning, focus management, and progress tracking.
- Built a **Pomodoro-based study mode** and implemented **Focus Mode with social-media blocking** to reduce distractions during study sessions.

Full-stack Developer – *Indoor Campus Navigation Website*

Jan 2024 – May 2024

- Built an **indoor navigation website** using **JavaScript, HTML/CSS, and MySQL** to assist students in locating campus facilities.
- Integrated spatial data from **JOSM** and **QGIS** to improve indoor mapping accuracy across multiple floors.

Backend Developer – *BooWay: AI-Powered Halloween Travel Planner (HackUNT 2024)*

Oct 2024

- Collaborated with a four-member team in a 24-hour hackathon to build an AI-powered travel planner, integrating **Firebase, Google Places API, and Gemini API** into automated recommendation workflows.

TECHNICAL SKILLS

- **Programming Languages:** Java, C, C++, Python, JavaScript, SQL, R
- **Full-Stack & Cloud:** React, TypeScript, Node.js, Express.js, FastAPI, MongoDB, Firebase, AWS, Azure, HTML, CSS
- **Tools:** Git, MySQL, Linux, Unity, Power BI, Tableau

ACTIVITIES & LEADERSHIP

- **Women in Computing** | UNT — participate in technical workshops, networking events, and professional development activities. (*Jan 2024 – Present*)
- **Center for Student Engagement and Leadership** | Edmonds College — committee member; assisted with campus events and student programs, recognized for volunteer contributions. (*Sep 2019 – Jun 2021*)
