EDUCATION

The University of North Texas – Denton, Texas May 2026
Bachelor of Science in Computer Science · GPA: 3.90 Honors: Summa Cum Laude

TECHNICAL SKILLS

- **Programming Languages:** Java, C, C++, Python, JavaScript, SQL, R
- **Software Engineering:** Object-Oriented Programming, REST API Design & Development, Data Structures & Algorithms, Software Design Fundamentals, Testing & Debugging, Agile Collaboration
- **Full-Stack & Cloud:** React, TypeScript, Node.js, Express.js, FastAPI, MongoDB, Firebase, AWS, Azure, HTML, CSS, Tailwind CSS
- **Tools:** Git, MySQL, Linux, Unity, Power BI, Tableau

CERTIFICATIONS

- **AWS Certified Solutions Architect - Associate** May 2026
- **AWS Certified Cloud Practitioner** Feb 2026
- **Security Certificate** – University of North Texas May 2025
- **Google Data Analytics Professional Certificate** Oct 2023

EXPERIENCE

Freelancer Software Engineer Jul 2025 - Present
Outlier AI · Remote

- **Benchmarked 100+ AI-generated code solutions** across Python, Java, and C++, auditing logic correctness, time complexity, and OWASP security standards to improve model accuracy.
- Developed an **AI-powered Resume Matching System** using **Python, FastAPI, PostgreSQL, Azure Blob Storage, Azure AI Search, and Azure OpenAI** to automate resume and job analysis.
- **Engineered an automated ETL pipeline** using FastAPI, Pandas, and SQLAlchemy to ingest and clean unstructured resume text, structuring candidate records into PostgreSQL for fast SQL query execution.

Undergraduate Research Assistant Jun 2024 – Dec 2024
UNT Computer Science Department · Denton, Texas · Advisor: Wajdi Alemanni, Ph.D.

- **Architected 7 reusable Unity Editor plugins** in C# using OOP patterns, providing real-time accessibility tools for colorblind simulation, WCAG contrast analysis, and text enhancement.
- **Executed unit testing and interactive debugging workflows**, eliminating editor runtime exceptions and ensuring seamless integration across multiple rendering pipelines.

Private Math Tutor - Edmonds College, Lynnwood, WA Jan 2021 – Jun 2021
• Delivered one-on-one instruction in Pre-Calculus and Calculus; increased a student's performance from 50% to over 90%.

Marketing Outreach Specialist - Edmonds College, Lynnwood, WA Sep 2020 – Jun 2021
• Designed and distributed promotional marketing materials to enhance student engagement across campus events.

PROJECTS

Backend Developer – ADHD Study Planner (MERN Stack) Jan 2025 – Jun 2025

- Developed RESTful APIs using **Node.js, Express.js, and MongoDB** for user authentication, task management, habit tracking, and progress monitoring.
- Built a **Pomodoro-based study mode**, integrated **Firebase Cloud Messaging (FCM)** for real-time deadline reminders and implemented **social media blocking** features to reduce distractions during study sessions.

Full-stack Developer – Indoor Campus Navigation Website Jan 2024 – May 2024

- **Built an indoor navigation web application** using JavaScript, HTML/CSS, and MySQL to assist students locate campus facilities.
- Integrated spatial data from **JOSM and QGIS** to improve indoor mapping accuracy across multiple floors.
- Implemented search, zoom, and floor-switching functionality to enhance navigation usability.

Backend Developer – BooWay: AI-Powered Halloween Travel Planner (HackUNT 2024) Oct 2024

- Collaborated with a four-member team in a 24-hour hackathon to build an AI-powered travel planner, integrating Firebase, Google Places API, and Gemini API into automated recommendation workflows.

LEADERSHIP & ACTIVITIES

- **Women in Computing | UNT** — participate in technical workshops, networking events, and professional development activities. *(Jan 2024 – Present)*
- **Center for Student Engagement and Leadership | Edmonds College** — committee member; assisted with campus events and student programs, recognized for volunteer contributions. *(Sep 2019 – Jun 2021)*
